KN95 PROTECTIVE MASKS
A KN95 respirator achieves a very close facial fit and efficiently filtrates airborne particles. The KN95 designation means that when subjected to careful testing, the respirator blocks at least 95% of very small (0.3 microns) test particles.

DISPOSABLE PROTECTIVE MASKS
• 3D cutting design, effectively isolates pollution.
• Three layers of filtering: light & breathable
• Precision workmanship, breathable without odor.
• Fit to the face, moderate size ears.
• Ergonomic design, multi-pleated design, strong fit.
Our hand sanitizer helps to reduce germs and bacteria on the skin. Soap is not nearly as effective (especially when used improperly), and it can only be used when water is available. More abrasive varieties of soap can also damage the skin unless used in combination with a moisturizer. This hand sanitizer can be used anytime and place without water or towels.

**HAND SANITIZER - 16oz.**

Table Top Pump Bottle

75% Alcohol

Hand sanitizer gel with at least 60% alcohol can help you avoid getting sick and spreading germs to others. The guidance for effective hand-washing and use of hand sanitizer in community settings was developed based on data from a number of studies.

**HAND SANITIZER**

4oz., 8 oz., 1 Gallon

Instant Hand Sanitizer

65% Ethyl Alcohol

Our Sanitizer helps to reduce germs and bacteria on skin. Soap is not nearly as effective (especially if used improperly), and it can only be used when water is available. More abrasive varieties of soap can also damage the skin unless used in combination with a moisturizer. This hand sanitizer can be used anytime or place without water or towels.

**INFRARED THERMOMETER**

Non-Contact Infrared Digital Thermometer

For use from 3-5cm measuring distance
0.5 second measuring time
0.2°C measurement accuracy
Ensured for accurate use up to 100 000 times
30 second auto shut-off function
Requires 2 x AAA batteries (not included)
